## **ABOUT THE SEMINAR**

The National Integration Committee of Raja Peary Mohan College (RPMC) in collaboration with Department of Political Science (RPMC) and IQAC had organised a seminar on 12<sup>th</sup> May, 2022 at 12:30 pm at Centenary Hall (RPMC). The title of the seminar was “**National Integration in India: Importance and Challenges**”. The resource person was Dr. Biswanath Chakraborty, Head and Professor, Department of Political Science, Rabindra Bharati University, West Bengal.

## **OBJECTIVE OF THE SEMINAR**

National Integration means the bond and togetherness regardless of caste, creed, religion, gender, different communities, regions, speaking different languages and cultures. It is primarily the feeling of oneness and brotherhood in a country, in other words recognizing the fact that we all are one.

India is a diverse country and we believe in unity of our diversities and make our people feel that despite we belong to diverse background yet we are one as a whole. Diversity is our strength and not our weakness, it enhances the development and prosperity of our country. However, over the period of time our diversity that has been united for centuries has time and again been threatened by many factors/issues there by shaking the foundation of our country. This factors/ issues if not highlighted, explained or made aware to the citizens then it would act as the hindrance on the path of development and prosperity of our country, India.

Having highlighted the importance of National Integration, this seminar's main objective was to explain the importance of National Integration in India and the challenges it has been facing over the period of time. Furthermore, the aim was to make students aware of all the issues of National Integration as they are the future leaders.

## **SEMINAR**

Prof. Biswanath Chakraborty first talked about the importance of national integration in India. National integration plays an important role in the political, economic, cultural, and social dimension of the country. In brief, Prof. Chakraborty explained that National Integration helps the country in following ways: promotes social harmony, unites the nation, increases the economic growth and promotes loyalty for the nation.

Regarding the challenges he explained that Linguism, Regionalism, Communalism, Casteism, disparity in the development of states, regions differently are the main factors that has been creating hindrances to our National Integration. Besides, these factors many other factors like

sectarianism, economic differences and dirty politics, has also been acting hindrance to our national integration.

He concludes by saying that national integration is very important for our diversified country mainly because it makes milieu conducive for the overall prosperity and development of the country. If threats are not removed it brings disharmony to our unity and this will obstruct us from developing further.

The session ended with the question and round session, where many teachers and students asked question to Prof. Biswanath Chakraborty.
