Students and faculty members play an efficient and enthusiastic role in developing values and quality of education. Both students and teachers are the important participants in the system of higher education. Students on the brink of adulthood are in the need of special attention and guidance to protect them from falling to vices and developing mental health issues. It is fundamental requirement in today's world for young adults to care for their physical and mental health. Raja Peary Mohan College strongly feel that modern modes of teachings must be balanced with a simultaneous awareness and training in ethics and human values. Values are desirable and important they are held in high esteem by any society in which a person lives. These values give meaning and strength to a person's character by occupying a central place in life. Inculcation is an effort to teach children the values that educators believe leads to moral behaviour. This value includes honesty, compassion, justice and respect for others. Value inculcation is building of the values in our inner core. This will ensure well-rounded and balanced individuals. It helps in achieving humanistic attitude of students mind with a comprehensive knowledge about the concept and the significance of values in life. Instigating students to select their own positive personal, social, moral and spiritual values and be aware of ways for developing and deepening them as global citizens. The aim is to Guide their life in the right path and to embellish behavior with good qualities.

Keeping all this in mind the college started the course from the academic session 2018-19 for all 2nd semester students. The course is conducted by the Department of Philosophy. Classes are held once a week. Beside theory classes there is an also practical course. Different social service assignments are given to the students to perform mingling with the society at large. Like working with the disabled, spending hours in a blind school, working for elderly in old age home, plantation, feeding the needy and poor, teaching in the slums, promoting awareness campaign of education hygiene, drug addiction etc. Every Saturday the value education classes are organized to deliberate the human values, health and hygiene values. The value and culture in the modern life against social evils and socialization has been imparted among the students. They are taught how to improve attitudes towards sustainable lifestyle and creating awareness about national history, cultural heritage, constitutional rights, national integration, community development and environment. Tolerance and justice are the basic teachings to be woven into environmental education. Self-restraint, self-discipline, contentment, reduction of wants, freedom from greed and austerity are some of the finest elements that are taught. It creates a strong learning environment that enhances academic attainment and develops student's social, cultural and inter-personal human values.

## Assessment Procedure:

1. Attendance
2. Individual Leadership in practical session
3. Project Work

**Course syllabus:** JIVAN SOPAN: A Text Book for Value Education and Indian Culture, published by the college. The syllabus is designed by both the colleges with both theory, practical and project work. It is a 30+ hrs Certificate Course:

**Evidence of Success:** Students actively attend the classes and perform all assignments. Special interest is shown by them in the practical based project work where they do many social works on their own or in groups starting from cleaning the college campus, teaching the slum children helping their parents in households activities, visiting and working in the orphanage and old age homes, Many students enter college lacking self confidence but graduated as confident, happy individuals who believe in their worth and effectively utilize the important soft and life skill that they have learnt in college. Reaching out to make a difference is taken seriously by all students and they extend their assistance to slums, NGOs, environmental issues and also Spearhead relief program in times of natural calamities. They regularly participate and also organize blood donation camps, take part in various health awareness campaigns in and outside the campus. The best evidence of success is when they come back and say that they enjoyed the course and have learnt a lot to be a better human being. Support is provided by all the faculty members of the Department of Philosophy and occasionally by external experts. **Even in the pandemic period from January 2021 the course was held in online mode. All evaluation and project works were done from home**
