Certificate Course on Spoken Sanskrit

Sanskrit is the oldest language of the world and contains all forms of knowledge which includes knowledge of science, technology, and numerology. Discipline and values are the heritage of this language. It is often presented as a difficult language to learn for many and moreover, as a classical language of the past that is of no special relevance in the contemporary world. To make this language more comprehensive and also to enhance the Sanskrit speaking skill of students Department of Sanskrit of Raja Peary Mohan College introduced a more than 30 hours Spoken Sanskrit Certificate Course in collaboration with SanskritaBharati, Dakhsinbanga Under a Memorandum of Understanding signed on 28.03.2022

. This course was inaugurated on 19th April 2022. It has been running successfully for two years and many students are benefitted from this. We signed a MoU with SanskritaBharati and with this, our college took a step towards a new initiative to cherish and promote this long-lost traditional language of India.

In the 2021-22 session, Mrs. Nivedita Pal, the Convenor of SanskritaBharati acted as the main Acharya of this course. Students learned Sanskrit grammar like the use of prepositions, verbs, numbers, tense, and formation of sentences throughout the course. Learning grammar and the names of basic things in Sanskrit not only enhance the speaking skill of students but also make them confident to converse in a traditional and culturally rich language.

In the 2022-23 session, students also learned about Sanskrit poems and songs apart from the uses of grammar and it helped them to understand the language better. The Acharya of this course Mrs. Nivedita Pal emphasized the pronunciation of the words and she also taught the names of Bengali days and months in Sanskrit. So learning the language gives them a glimpse of Sanskrit literature and also introduces them to the rich cultural heritage of our country.

A good foundation in Sanskrit can serve as a master key for anyone interested in accessing the extensive primary sources related to various subjects of Indian Knowledge Systems which have been globally recognized as a vast repository of profound knowledge and wisdom and that the National Education Policy (NEP) is proposing to introduce into the education curricula in the near future. Keeping this in mind our college has taken this initiative for the students of all streams. Students from other departments have registered for this course and have successfully completed this too. The objective of this course is to give students a deeper understanding and appreciation of Sanskrit as a living language by providing them with its different semantic and syntactic tools. It also aims to offer them a taste of the rich literary legacy that it enshrines so that they feel enthused enough to delve further into its treasures with a greater sense of confidence and independence. This course will be relevant for students across various disciplines who have an intermediate knowledge of Sanskrit because it offers the scope of potentially enhancing their language acquisition skills by providing them with a linguistic framework that can facilitate the learning of several related and new languages. In addition to this, the practice of speaking Sanskrit which is famous for its precise grammatical structure could prove to be a helpful tool in

systematizing the thinking process itself and improving expression which in turn could have innumerable other rippling beneficial effects. Thus Raja Peary Mohan College gives its students an opportunity to learn something beyond their syllabus.
